Letter No. 6912/E dated 16.4.1946 from the Chief Engineer for Irrigation.

Requests sanction to the continuance of establishment for Railway Cess fund works in the Chitaldrug District during 1946-47.

---

1) The sanction accorded in G.O. No. PW. 3243-46/Ed-8-45-7 dated 17.22.10.45 to the continuance of the five ~~Divisions~~ Subdivisions sanctioned for the Railway Cess fund works in Chitaldrug District expires by the end of June 1946. The Chief Engineer has stated that of original works are under progress, ~~completion~~ and that works to the extent of Rs. 1.4 lakhs still remain to be carried out before the works reach the stage of completion. As the works cannot be completed during 1945-46 the Chief Engineer requests that the five Subovers may be continued for a further period of one year from 1.7.46.

2) The Chief Engineer may perhaps be requested to furnish a clear statement of the Railway Cess-fund works in progress, with the outlay incurred to end of 1944-45 and the out-lay incurred so far during 1945-46 to see the extent of progress made during 1945-46 and whether it justifies further continuance of the Subovseers.

3) Submitted the statement given

17. When sanction was obtained last year for the continuance of the 5 Sub-Overseers, the amount likely to be spent during 1945-46 was reported to be ~~only~~ Rs. 1,58,482 under original and incomplete works and Rs. 53,309 under maintenance and special repairs.

18. But as seen from the statement received from the Executive Engineer, Chitaldrug, the outlay under original and incomplete works is only Rs. 13,813 and 35,428 under maintenance and special repairs of roads. The percentage of outlay on original works is not even 10% of the probable outlay reported last year. There is no need for extra establishment for maintenance works as this is all to be done by the permanent sanctioned staff The Department asks for staff on the basis of expenditure to be incurred while the results are extremely inadequate. If the percentage of establishment charged to outlay gets so extremely high this state of affairs cannot be considered satisfactory

NOTE—Contn. Sheet.

P.T.O.

Hence judging by the outlay, the additional staff of 3 Sub-overseers and 1 accounts clerk asked for in the present reference is not at all necessary. The question under consideration now is the continuance of the 5 Sub-overseers. The outlay does not justify the continuance of the 5 Sub-overseers, much less the additional number of Sub-overeers.

I agree with the Ex. Engr. that the outlay incurred is very meagre. This shows there has not been proper supervision over the work of the subordinates in the Division. The E.E. who was in charge of the division has since been permitted to retire. The present E.E. may be advised to keep a close watch over the work of the subordinates and see that proper progress is achieved. There was no dearth of labour in Chittagong during this and I see no reason for this very meagre progress.

Sir,

Continuance of establishment for Railway Cess Fund works in Chitaldrug District during 1946-47.

I have the honour to state that sanction accorded in Government Order No. P.W. 3243-46/Est. 8-45-7 dated 17/22-10-1945 for the continuance of the services of 5 Suboverseers entertained in connection with the above work, expires on 30-6-1946. A list showing the nine original works under progress and the outlay incurred thereon todate is herein enclosed. Works to an extent of Rs. 1.4 lakhs are still remaining to be done and the same cannot be completed by the end of June 1946. The Superintending Engineer, Shimoga Circle, has therefore recommended that the 5 Suboverseers may be continued till the end of June 1947. I request that sanction of Government to the continuance of five Suboverseers till the end of June 1947 may kindly be obtained and communicated very early.

Sir,

Signed by.... Mr. K.W.J.

Adverting to Go No PW/820-3/Ec-8-45-12 dated 12.2.46 on the above subject, I am directed to state as follows:—

When sanction to the continuance of the above establishment during 1945-46 was applied for, it was reported as detailed in the statement of the Ex. Engr. Chittaldrug Division forwarded with the Engr. Engineers Secretariat, Endg. No. which was forwarded with your letter No 1622/E dated 13-9-1945, that a sum of Rs 1,58,482/- under original

and incomplete Works and another sum of Rs 53,209/- under maintenance and special repairs were expected to be spent during that year. But as seen from the statement received from the Ex Engr with his letter No 2093 dated 21-6-1946. the outlay under original and incomplete Works is only Rs 13,813 and that under maintenance and special repairs of roads Rs 35,428/- The percentage of outlay on original Works is not even 10% of the probable outlay reported last year.

2. Govt observe that the outlay incurred during last year is grossly disproportionate to the establishment maintained. This reveals that there has not been proper supervision over the work of the subordinates in that Div. There was no dearth of labour in the Chitaldrug area and Govt see no reason for the very meagre progress.

3. Now that the Executive Engineer who was incharge of the Division has since been permitted to retire from service and another Ex Engr has been posted in his place,
